Summary

I am a highly motivated and ambitious individual with a passion for web development. Currently pursuing a B-Tech in Computer Science, I have gained a strong foundation in web development technologies and best practices.

I have hands-on experience in HTML,CSS,JAVSCRIPT,PHP,MYSQL,MANGOODB,C++,PYHTON,JAVA, and is well-versed in REACT JS,BOOTSTRATP. In addition, I have completed several web development projects, and is confident in their ability to design, develop, and maintain websites and web applications.

I seeking an internship opportunity in web development to gain practical experience in the industry and to work with experienced developers to further hone their skills. I am a quick learner, a team player and is excited to take on new challenges. I am very confident that this internship will provide the perfect opportunity to apply their knowledge in a real-world setting and to make valuable connections in the industry.
